About the Seminar

One of the biggest taxation reforms in India -- the Goods and Service Tax (GST) -- is all set to integrate State economies and boost overall growth. GST is a critical reform needed for the country

GST will create a single, unified Indian market to make the economy stronger.

The implementation of GST will lead to the abolition of other taxes such as octroi, Central Sales Tax, State-level sales tax, entry tax, stamp duty, telecom licence fees, turnover tax, tax on consumption or sale of electricity, taxes on transportation of goods and services, etc., thus avoiding multiple layers of taxation that currently exist in India.

More importantly, It's a major indirect tax reform in the country. The entire indirect tax code will be a new set. Any comparison with the present laws will be inappropriate. Lot of time should be devoted in understanding new concepts and procedures.

Therefore it becomes essential for not only staff of the business world, but even the common man need to be made aware of the basic working of GST for successful implementation and to gain financially as well.

The big picture that we get from the above? Impact of GST will be tremendous.....Laws will be simplified..... That it's time to move forward with 'game-changing' reform. So, come along and attend the Seminar conducted by Hiregange Academy at Jain College on 12th December, 2015 from 10.00 A.M. to 5.00 P.M.

As the saying goes , "Change is inevitable... Progress is Optional"

Well, here is an opportunity to get ready to accept the 'Change' and move forward so that we can make the right 'Progress'

So let's learn the present concepts / future possibilities and get GST-savvy..!
