About the workshop

One of the biggest taxation reforms in India -- the Goods and Service Tax (GST) -- is all set to integrate State economies and boost overall growth. GST is a critical reform needed for the country

GST will create a single, unified Indian market to make the economy stronger.

The implementation of GST will lead to the abolition of other taxes such as octroi, Central Sales Tax, State-level sales tax, entry tax, stamp duty, telecom licence fees, turnover tax, tax on consumption or sale of electricity, taxes on transportation of goods and services, etc., thus avoiding multiple layers of taxation that currently exist in India.

More importantly, from the businessman and consumer point of view this change is going to have substantial impact on business as well as cost to consumers.

Therefore it becomes essential to restructure the business depending upon assessment of implication of GST on each type of transaction

The big picture that we get from the above? That it's time to move forward with 'game-changing' reform. So, come along and attend the seminar conducted by Hiregange Academy at Sanman Gardenia on 1st August, 2015 from 10.00 A.M. to 4.00 P.M.

As the saying goes , "Change is inevitable... Progress is Optional"

Well, here is an opportunity to get ready to accept the 'Change' and move forward so that we can make the right 'Progress'

So let's learn the present concepts / future possibilities and get GST-savvy..!
